History of the [Great Hudson River Revival \(Clearwater Festival\)](#)

Back in the mid-sixties, after centuries of accumulated sewage pollution and industrial dumping of toxic chemicals, the Hudson River, like many of America's most important estuaries, was declared "dead". The river's fragile ecological system was devastated. Not a single fish was found in many areas, and the level of commercial fishing had dropped so dramatically as to be regarded as nonexistent. Recognizing this incredible social and environmental tragedy, in 1966, Pete Seeger decided "to build a boat to save the river" by holding small, fundraising river concerts throughout the Hudson River Valley where he opened his banjo case to collect contributions to build the sloop *Clearwater*, a tall ship that would become recognized as America's Environmental Flagship and a symbol of environmental advocacy. Since the 1960s, the Clearwater Festival has grown into the country's largest annual environmental celebration, its music, dance and storytelling, education and activism attracting thousands of people of all ages to the shores of the Hudson River.

Past artists include: **Pete Seeger, Bonnie Raitt, Jackson Browne, Joan Baez, David Crosby, Citizen Cope, Lucinda Williams, Emmylou Harris, Natalie Merchant, Jason Isbell, Neko Case, Guster, Drive-By Truckers, Indigo Girls, Martin Sexton, Steve Earle, Bela Fleck, Lake Street Dive, Arlo Guthrie, Los Lobos, Angelique Kidjo, Richie Havens, Old Crow Medicine Show, Grace Potter, Susan Tedeschi, Taj Mahal, Billy Bragg, Hot Tuna, Josh Ritter, Punch Brothers, Dawes, The Lone Bellow, Blind Boys of Alabama** and thousands more.

About [Hudson River Sloop Clearwater](#)

Founded over 50 years ago by world renowned musical artist and activist Pete Seeger, Hudson River Sloop Clearwater, Inc. has been at the forefront of the environmental movement as champion of the Hudson River. Clearwater is a 501(c)3 tax exempt nonprofit, member-supported corporation whose mission is to preserve and protect the Hudson River, its tributaries and related bodies of water.

Clearwater's tireless work resulted in the passing of landmark legislation including The Clean Water Act. The organization provides innovative educational programs, environmental advocacy and musical celebrations, including the renowned annual Clearwater Festival, to inspire, educate, and activate millions of people.

The organization had its beginnings in 1966, a time when the Hudson was rank with raw sewage, toxic chemicals and oil pollution. Pete Seeger along with several friends had a vision to build a majestic replica of the sloops that sailed the Hudson in the 18th and 19th centuries that would bring people to the river where they could experience its beauty and be moved to preserve it. Inspired by that vision, the organization began with the launch of the sloop *Clearwater* in 1969—a majestic 106-foot long replica vessel that is recognized today as "America's Environmental Flagship".

Today, Clearwater is carrying forward Pete Seeger's legacy, partnering with schools and community leaders to raise the bar of environmental education, realizing that this time the health of the Hudson River must go hand in hand with creating a sustainable world of green jobs in a green economy. Clearwater's unique approach to public outreach has made the sloop *Clearwater* a symbol of grassroots action through hands-on learning, music and celebration.
